CORRIGENDUM

Effect of Glucose and Long-chain Fatty Acids on Synthesis of Long-chain Alcohols by *Candida albicans*

By MICHAEL J. WHITE, ROGER C. HAMMOND AND ANTHONY H. ROSE

Journal of General Microbiology (1988), 134, 2131–2137

pp. 2134–2135.

In Tables 1, 2 and 3 the content of long-chain alcohols should be expressed as $\mu\text{g (g dry wt organisms)}^{-1}$.
