CORRIGENDUM

Nitrogen-regulated transcription and enzyme activities in continuous cultures of *Saccharomyces cerevisiae*

Eelko G. ter Schure, Herman H. W. Silljé, Leon J. R. M. Raeven, Johannes Boonstra, Arie J. Verkleij and C. Theo Verrips

Microbiology (1995), **141**, 1101–1108

Owing to an error during printing, Fig. 3 (p. 1104) was printed incorrectly, with the axes displaced relative to the graph lines. The correct version is shown below.

Fig. 3. Concentrations of glutamine, glutamate and 2-oxoglutarate in a nitrogen-limited continuous culture at different D values. All values are given as the mean of three independent samples $\pm$ SEM.
